EDUCATION

Purdue University

West Lafayette, IN

Bachelor of Science in Computer Science (Minor in Supply Chain Engineering Technology)

May 2027

- Dean's List, Semester Honors
- Relevant Courses: OOP - Java (CS 180), Programming in C (CS 240), Discrete Mathematics (CS 182), Linear Algebra (MA 265), Computer Architecture (CS 250), Data Structures and Algorithms (CS 251)

EXPERIENCE

Halliburton - Landmark

May 2025 - Aug. 2025

AI Systems Engineering Intern | Python, SQL, FastAPI, Docker, LangChain

Houston, TX

- Built an Agentic AI Chatbot to query Halliburton's DSIS database, reducing average query latency by **40%**
- Implemented agentic workflows for tracing and debugging; added chatbot memory enabling context-aware responses
- Containerized and deployed the server using Docker, enabling horizontal scaling to support **2k+ concurrent queries**
- Integrated WebViz 3D viewer/chatbot into an Angular UI, cutting analysis workflow time by **30%** with visualization

The Liberry

Jul. 2025 – Sep. 2025

Software Engineering Intern | Python, Scrapy, Selenium, Amazon API, Pandas

Remote

- Scraped **5k+ baby product listings** (e.g., strollers) from e-commerce platforms, expanding the database by **30%**
- Cleaned and standardized **10k+ records** across multiple data sources using Pandas, ensuring uniform formats
- Improved dataset consistency by refining schema alignment, enabling more accurate and reliable downstream analytics

The Data Mine, Corporate Partners - Purdue University

Aug. 2024 – May 2025

Software Developer | Python, YOLOv8

West Lafayette, IN

- Developed weed-detection models for AgRPA using Python and YOLOv8, improving herbicide-application precision
- Built semantic-segmentation/localization pipelines for multi-spectral drone imagery, boosting detection efficiency by **50%**
- Worked with a cross-functional team to optimize model performance and deployment workflows for drone operations

Klein Coding Academy

Jun. 2023 – Jul. 2023

Python Course Instructor

Klein, TX

- Taught **150+** middle schoolers from 16 schools in a free Python summer camp using CMU CS Academy curriculum
- Recognized by Klein ISD Newsroom and Superintendent for impactful community engagement and course development

EXTRACURRICULARS

Google Developer Group - Backend Developer | Firebase/Firestore, Auth, Storage

- Designed an initial backend schema to support normalized course data, prerequisites, and user profiles
- Planned integration with Firebase, enabling secure data management, workflows, and AI-driven recommendation caching

Hack the Future - Developer | React, Node.js, PostgreSQL

- Developed a mobile-friendly educational web app with categorized lessons, videos, and user progress tracking
- Collaborated with stakeholders to design content workflows and assessment features that support staff-driven updates

Alpha Kappa Psi - Alumni Relations Committee Head | Professional Business Fraternity

- Participated in professional development, networking events, and chapter activities
- Supported fraternity service, fundraising, and chapter initiatives with fellow members

TECHNICAL SKILLS

Languages: Python, Java, JavaScript/TypeScript, C/C++, R, HTML/CSS

Frameworks: FastAPI, React, Angular, Node.js, LangChain, LangGraph

AI/ML: PyTorch, YOLOv8, Pandas, NumPy, Matplotlib

Tools: Docker, Kubernetes, Selenium, Scrapy, REST APIs, Protobuf

Developer Tools: Git, VS Code, IntelliJ, Jupyter Notebook, Unix/Windows CLI
